Dear Gary,

I would like to thank you for the superb job your company did during the Eaton Residential College Waterproofing Project. Your staff was very receptive to the needs of the students' privacy and owner representatives during the course of the project. They performed the waterproofing and caulking project in a professional manner and with a high degree of competence, within budget and on time. Excell has performed some tasks over and above the project minimums.

I believe that Excell Caulking is a first rate company and I would recommend them to anyone requiring the services of a competent waterproofing contractor.

Sincerely,

A handwritten signature in black ink that reads "James Durante". The signature is written in a cursive style with a large, stylized initial "J".
